**K**irby, our hero, makes his home in Dream Land, which is located on PopStar. PopStar is a small, peaceful planet at the edge of a vast universe.

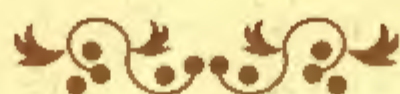

One day, Kirby and Gooley went fishing. Birds were singing. The sun was shining. It was such a nice day that they felt more like napping than fishing.

As Kirby and Goopy relaxed, they noticed a black, cloud-like object appear in the PopStar sky!

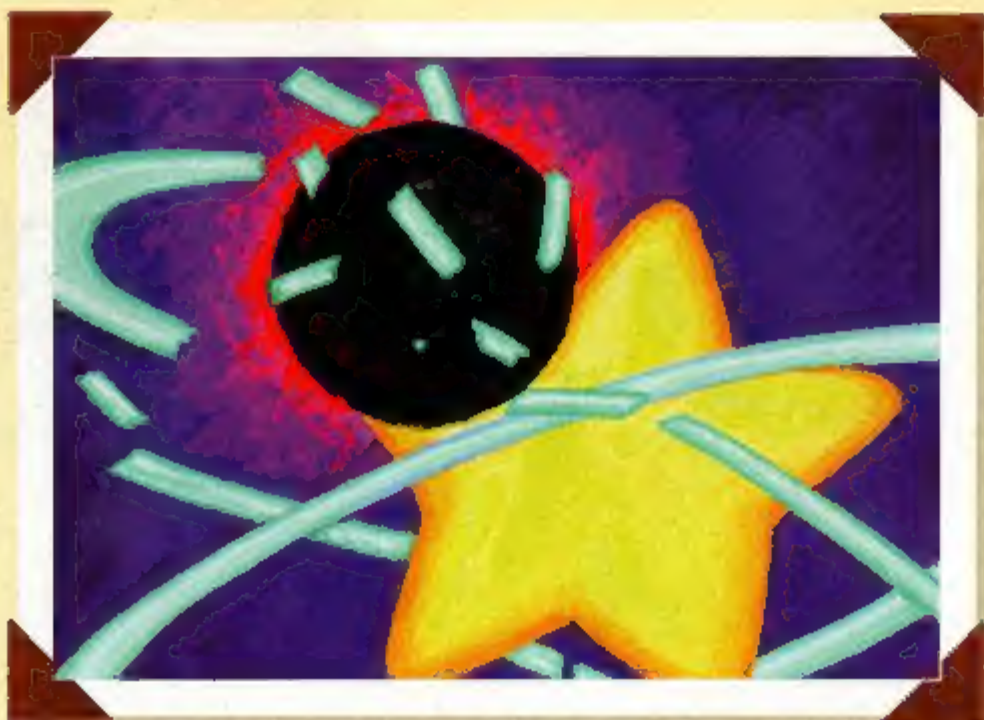

The black object started to spit out small clouds. These clouds were scattered everywhere.

Just then, Coo appeared, looking panicked. "Hurry, Kirby!" he said. "PopStar's in BIG trouble!"

The small clouds  
took control of King  
Dedede and his  
minions. They  
started to do  
terrible things!

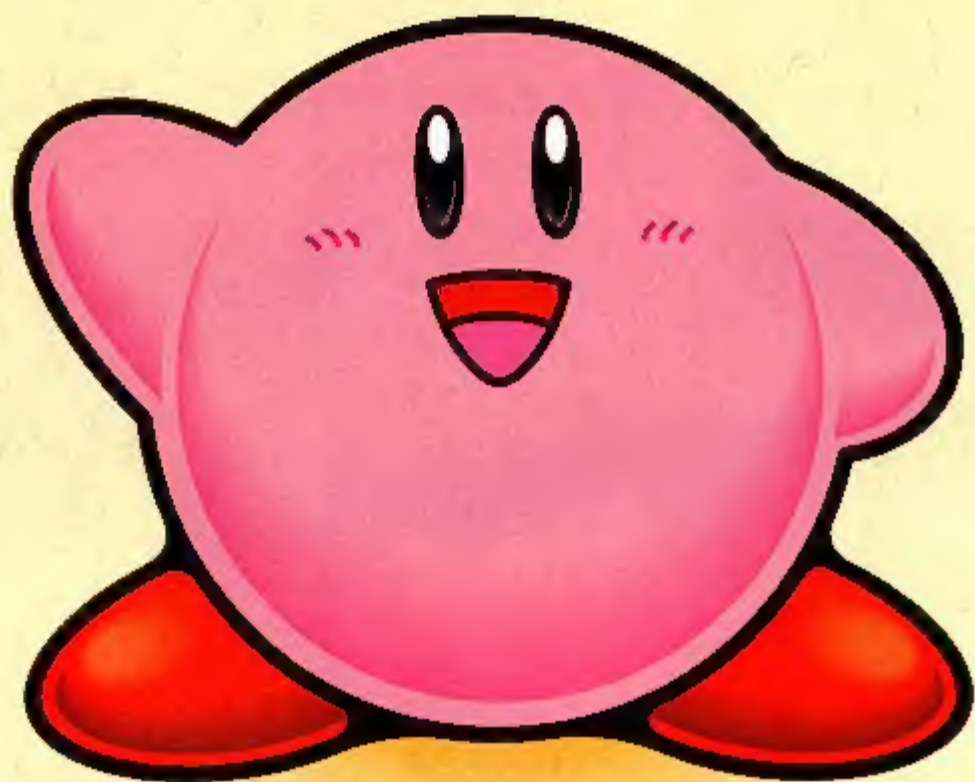

Now, Kirby and his  
friends have left to get  
rid of these strange  
clouds and save PopStar!

If Gooney's left alone for awhile, he'll jump to Kirby's location.

### Hey, where'd Gooney go?

**Kirby may have inhaled him. Quick, spit him out!**

Sometimes the best offense is a good defense.

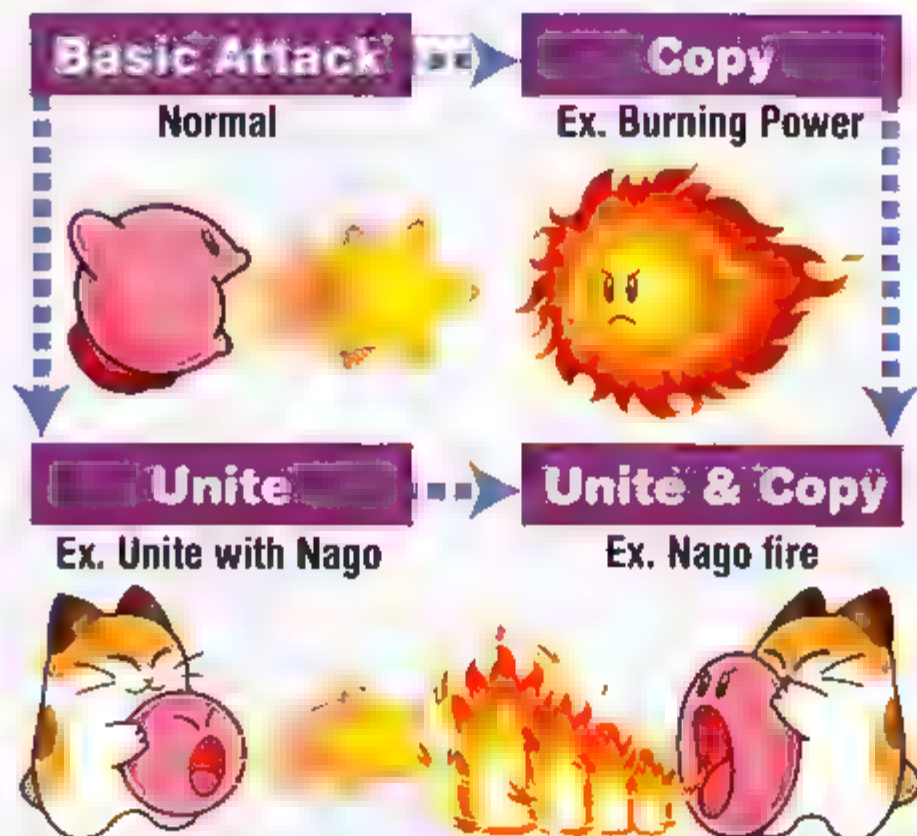

*I can use the same attacks as Kirby!*

**ATTACK!**

Remember two things, Copy and Unite.  
Combining these two will pump you up!  
Depending on the combination, though,  
you may be powered-down.

## On the ground!

1. Press the Y Button to inhale.

*I can only inhale one at a time.*

## In the air...

Kirby can spit out an air bullet by pressing the Y Button. It's not as powerful as a star.

## Under water

Kirby spits out a water bullet by pressing the Y Button, but it's not as powerful as a star.

*I can attack the same way under water and on the ground.*

## Attack Rule No. 2 - Steal enemy abilities. Copy eight different abilities!
